- Grade : First Class Distinction

DHANUSH S SHETTY

FULL-STACK DEVELOPER

PERSONAL PROFILE

Experienced Interface Specialist with a demonstrated history of working in the design industry. Skilled in React, Node.js, JavaScript, SQL/NoSQL database and AWS. Information technology professional with a Bachelor of Engineering from University Vishweshwaraya College of Engineering. Travelling or cooking while not coding.

WORK EXPERIENCE

Full-stack Developer

Piktorlabs | JAN 2019 - Present

- Built UI and backend-services for [uniglo](#) ecommerce website ecosystem with catalogue, inventory, user and order management services using microservices architecture.
- Increased mobile users 2x by revamping UI with a robust mobile first approach using React, Node.js and MongoDB.
- Optimized search time by 300% by remodelling the RESTful services in Node.js and Elasticsearch.
- Enhanced user experience and accomplished web page objectives by creating site structure, navigation, search engine optimization and graphic animations.
- Fixed bugs and refined overall code quality which significantly improved user experience and development time.
- Technologies: Node.js, React, MongoDB, AWS, Elasticsearch.

Frontend Developer

Moonraft Innovation Labs | Aug 2017 - Jan 2019

- Developed pixel perfect responsive and modular web pages using Angular 7 and React.
- Implemented RESTful services in Node.js, AWS (API gateway, DynamoDB) with UI integration and iterated user experience to increase user's form completion in Jazz by 200%.
- Performed unit testing for front-end and back-end services to identify bugs and UI improvements using Mocha and Jest.
- Managed the training program for newly recruited employees.
- Technologies: Angular, React, Node.js, D3.js, MongoDB.

PERSONAL PROJECTS

- Single-handedly built the entire travel booking ecosystem called [trippospace](#), which curates trips from handpicked travel agents to ease the booking hassle for travellers.
- Built a platform called [skilloospace](#) where one can learn beginner level pass time skills.
